

between amended SEQ ID NOs:1 and 2 (comporting to the nucleotide sequence in Figure 1 and the amino acid sequence of "ORF RF [1]" in Figure 1) and SEQ ID NOs:1 and 2 in the previously submitted Sequence Listing, is the following:

- 1) Previously submitted SEQ ID NO:1 is missing six nucleotides ("ctc cca") after nucleotide no. 1935, should have "ta" at nucleotide nos. 3067-3068 instead of "at", and 6 extra "a's" in the stretch of "a's" at nucleotide nos. 3635-3699.
- 2) Previously submitted SEQ ID NO:1 is missing amino acids "Leu Pro" after amino acid no 126, and should have amino acid "Met" at amino acid no. 503 instead of "\*".
- 3) Previously submitted SEQ ID NO:2 is missing amino acids "Leu Pro" after amino acid no. 126, and is missing amino acid "Met" after amino acid no. 503.

The previously submitted SEQ ID NOs:1 and 2 inadvertently introduced the above-identified errors. The nucleotide and amino acid sequences depicted in Figure 1 depict the correct nucleotide and amino acid sequences. This is also demonstrated in that in the parent '923 Application discloses the correct nucleotide and amino acid sequences in both Figure 1 and the SEQ ID NOs:1 and 2 of the '923 Application.

No new matter is added in any of the above amendments and the Examiner is respectfully requested to accept the amendments.

Respectfully submitted,

  
Albert P. Halluin (Reg. No. 25,227)  
Robin C. Chiang (Reg. No. 46,619)

Date: July 24, 2002
